On Top of the World.

Live Here.
Fly Here.
Ride Here.

Time will fly when you become a “model resident” at On Top of the World!

On your mark, get set, race on our dedicated R/C car race track!

New flying field with 600 x 150-foot paved runway!

Dedicated drone obstacle flying course!

Radio control enthusiasts will thoroughly enjoy being a “model resident” at On Top of the World Communities.

Imagine taking your prized R/C plane, car, or drone to our new, expanded flying field, and race track. The new field includes a 600 x 150-foot paved runway, and the race track has also been updated to a paved track. Shaded pavilions are provided for spectators, and set-up tables for needed repairs or upgrades are also available. You and your friends will enjoy watching your plane or drone soar across the beautiful skies of Central Florida or watch cars battle for the checkered flag in an exciting car race.

And, for those radio-controlled drone enthusiasts there is even a separate area with an obstacle course to test your drone flying skills!

On Top of the World is very proud of its resident R/C Flyers club, which originated with just seven members. Today, the R/C Flyers club has over 100 resident members.
