**On Top of
the World.**

Game. Set. Match.
Play.

The Arbor Fitness Center houses ten state-of-the-art tennis courts at On Top of the World. Surfaced with Plexicushion® Prestige Tennis Surfacing System, this premiere surfacing ensures the highest quality of play for active adults due to their multi-layered support, reducing harsh body impact. Eight of the courts are equipped with lights, so the match doesn't have to stop when the sun goes down!

Another exciting sport offered at On Top of the World is POP tennis. POP tennis is played on a shorter court with solid racquets (no strings), low compression tennis ball, and allows players to serve underhand. A little less physical than tennis and a little more social, POP tennis has quickly built momentum at On Top of the World as a resident favorite. With quick player rotations, play for a little or a while, meet new friends, and get your heart pumping in the meantime!

Far Right of Photo: Jorge Privat, On Staff Certified Tennis Pro, about to play tennis with residents.

Whether you are new to either sport or a seasoned player, On Top of the World's on-site tennis pro is ready to help you ACE your skills! Conveniently schedule a private or group lesson and enjoy many of the unique clinics, intercommunity tennis leagues, and programs offered throughout the year!
